

Symbol MC3000 Accessories

MC3000 Family Accessories and Peripherals

Cradles

Single-Slot Serial/USB Cradle:

This cradle enables serial or USB communication between the MC3000 and a host PC. The cradle also charges the terminal with a standard or high capacity battery and a spare battery stored in the cradle. LEDs indicate when the spare battery and terminal are fully charged.

Part Number: CRD3000-1000R

Four-Slot Charge-Only Cradle:

This cradle charges four MC3000 terminals simultaneously in four to six hours (for a completely discharged standard or high capacity battery). It is ideal for customers who communicate wirelessly but need a cradle for battery charging.

Part Number: CHS3000-4000C

Spare Batteries

Standard Capacity:

For use with MC3000 laser based configurations.

Part Number: BTRYMC30KAB01-01

High Capacity:

For use with MC3000 imager based configurations.

Part Number: BTRYMC30KAB0H-01

Cables

Attachable (to terminal) Cables:

These cables enable RS232 or USB communications. These cables connect directly to the MC3000 and do not require any Cable Adapter Modules.

RS232 Communication and Charging Cable:
Part Number: 25-67866-01

USB Client Communication and Charging Cable:
Part Number: 25-67868-01

Cradle Cables: These cables connect between the MC3000 series cradles and the host system modules.

RS232 Communication Cable:
Part Number: 25-63852-01

USB Client Communication Cable:
Part Number: 25-68596-01

Mounting Accessories

Wall Mounting Cradle Bracket:
 This bracket provides a convenient mounting option for mounting single or 4-slot cradles to a wall.
Part Number: 8710-050006-01

Holsters

Fabric Holster:
 This carrying case secures the MC3000 to a belt. The holster also includes a shoulder strap.
Part Number: 11-69293-01

Plastic Holster:

This carrying case secures the MC3000 to a belt.

Part Number: 51-095051-86

Charging Solutions

Four-Slot Spare Battery Charger:

This charger can charge four MC3000 batteries simultaneously in four to six hours. The charger can accommodate the standard battery, used on the MC3000 laser configurations, as well as the high capacity battery used on the MC3000 2D imager configurations.

Part Number: SACX000-4000C

Universal Battery Charger (UBC) Adapter:

This adapter makes the charging of multiple batteries easy and cost effective when the Universal Battery Charging Base is already deployed. Simply snap the battery into the adapter and slide the adapter into the UBC charging base. The charging base holds up to four adapters. The UBC Adapter can accommodate the standard battery, used on the MC3000 laser configurations, as well as the high capacity battery used on the MC3000 2D imager configurations.

Part Number: 21-32665-45
